27th November 2020

Dear Parents and Carers

Further to my letter of 23rd November I write to update you on the current situation in relation to Covid-19 at Bradstow School.

As you are aware from my previous letter we have had a significant outbreak of Covid-19 across the school site and there continues to be a high number of positive cases amongst all our staff groups and the young people.

As I stated on Monday we cannot plan an immediate return for young people currently at home. We have been seeing increasing numbers of young people testing positive this week who are currently on the school site, and this is across a number of the residential units. **The self-isolation period for the residential home currently extends to 9th December.** It will not be possible to return any young people to the school before this date as it would be unsafe to do so and against guidance.

We will continue to review the situation each day, but please be aware that further positive results will impact on the self-isolation for the school and residential home.

We are continuing to follow all the relevant Government Guidance on self-isolation and continue to take advice from Public Health England.

We will continue to regularly test both the young people currently at school, and the staff currently working on site. The young people who remain on site continue to self-isolate in their residential homes.

Please do not hesitate to contact me if you have any queries or concerns about the school's management of the current Covid-19 outbreak at the school? Email sdunn@bradstow.wandsworth.sch.uk or phone 01843 862123.

Regards

Sarah Dunn
