REMEMBER

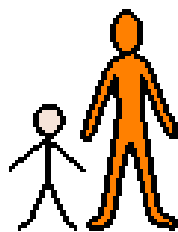

The Internet is GREAT IF

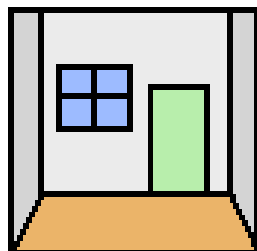

We are CAREFUL!

We only use The Internet

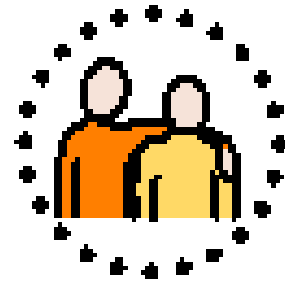

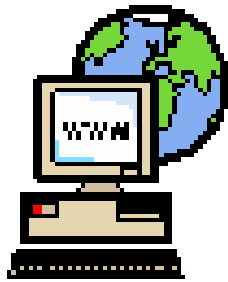

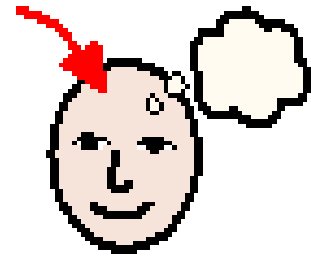

when there is an adult

in the room with us.

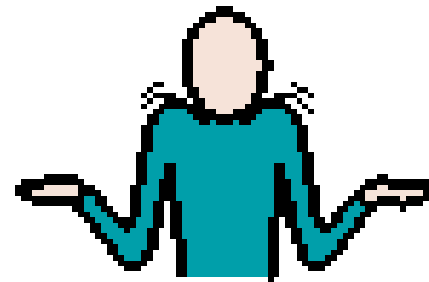

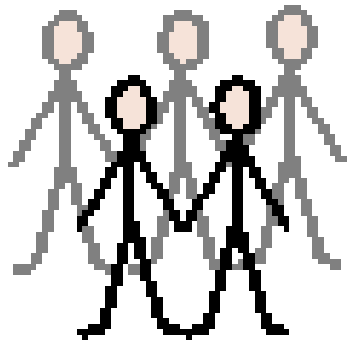

Lee and Kim learn

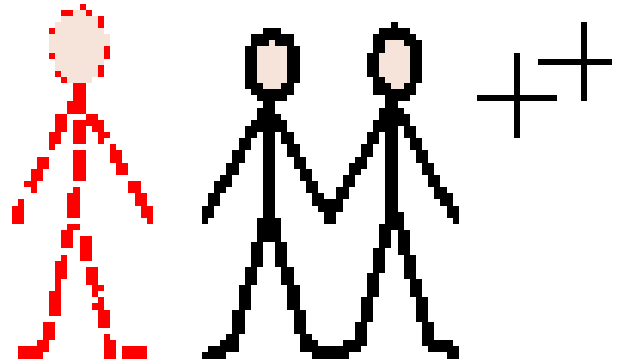

how to use the internet safely

[Link](#)

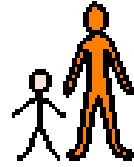

People you don't know are

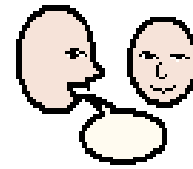

STRANGERS!

If the adult with us

says it's ok to talk to

someone online we should

always be

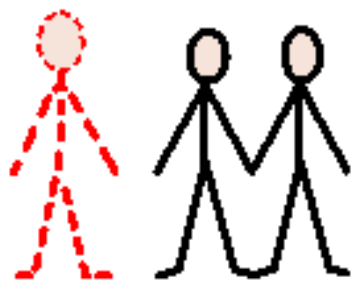

kind

and

polite

If a stranger

asks us to say

where we live

or where we go to school

we should say

NO!

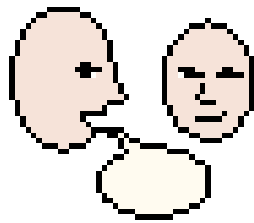

If something on the computer

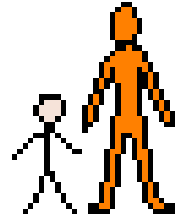

makes us feel worried or afraid

we should

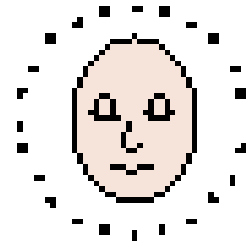

tell

an adult

we trust.

When we are careful

and sensible

the Internet

can be FUN!
