*Formal strategy meetings are held each term

Barriers to achievement summary	Items/projects and rationale	How the effect will be measured	Expected outcome effect of Year 7 catch up spending	Actual outcome (July 2018)
<p>The young person identified in this academic year catch up has school have difficulties with communication, this is often presented through behaviours.</p>	<ul style="list-style-type: none"> • To provide Individual opportunities to improve sentence structure by commenting and using colourful semantics. • To provide Individual opportunities to improve pre writing and writing skills with the use of motivating resources 	<p>The effects of this will be measured through progression in attainment towards the expressive and receptive communication strands in literacy using the B Squared assessment tool. In addition behavioural outcomes will also be measured to show a reduction in communication related behaviours. Ehcp outcomes will also be measure in terms of the achievement in relation to this intervention.</p>	<ul style="list-style-type: none"> • Increased outcomes in relation to expressive communication • Increased attainment in relation to writing • Decrease in behavioural incidents (ability to expressive needs more clearly through increased vocabulary and sentence building) 	<p>Assessments in Maths and English using schools assessment system details:</p> <p>+77% value added in English +123% value added in Mathematics</p> <p>The young person is also on track to meet their key stage ehcp and annual review targets.</p>
