# How We Use Your Information

## Privacy Notice for Governors and other volunteers

### 1. Introduction

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about individuals we employ, or otherwise engage, to work at our school.

We, Bradstow School, are the 'data controller' for the purposes of data protection law.

If you have any questions/concerns about this notice please talk to the School Business Manager.

### 2. What is "personal data"?

Personal data is information that the School holds about you and which identifies you.

This includes information such as your date of birth and address. Any CCTV, photos and video recordings of you are also personal information.

### 3. The personal data we hold

We process data relating to those volunteering at our school. Personal data that we may collect, use, store and share (when appropriate) about you includes, but is not restricted to:

- Contact details
- References
- Evidence of qualifications
- Employment details
- Information about business and pecuniary interests
- Date of birth

We may also collect, store and use information about you that falls into "special categories" of more sensitive personal data. This may include information about (where applicable):

- Disability and access requirements

### 4. Why we use this data

The purpose of processing this data is to support the school to:

- Establish and maintain effective governance
- Meet statutory obligations for publishing and sharing governors' details
- Facilitate safe recruitment, as part of our safeguarding obligations towards children/young people
- Undertake equalities monitoring
- Ensure that appropriate access arrangements can be provided for volunteers who require them

## 5. Our legal basis for using this data

We only collect and use personal information about you when the law allows us to. Most commonly, we use it where we need to:

- Comply with a legal obligation
- Carry out a task in the public interest

Less commonly, we may also use personal information about you where:

- You have given us consent to use it in a certain way
- We need to protect your vital interests (or someone else's interests)

Where you have provided us with consent to use your data, you may withdraw this consent at any time. We will make this clear when requesting your consent, and explain how you go about withdrawing consent if you wish to do so.

Some of the reasons listed above for collecting and using personal information about you overlap, and there may be several grounds which justify the school's use of your data.

## 6. Collecting this information

While the majority of information we collect from you is mandatory, there is some information that you can choose whether or not to provide to us.

Whenever we seek to collect information from you, we make it clear whether you must provide this information (and if so, what the possible consequences are of not complying), or whether you have a choice.

## 7. How we store this data

Personal data is stored in line with our data protection policy.

We maintain a file to store personal information about all volunteers. The information contained in this file is kept secure and is only used for purposes directly relevant to your work with the school.

Your data is also stored electronically on our SIMS.net computer database and within various folders on a secure server drive with password protected, limited access.

CCTV recordings of the outside areas are stored on digital video recorders which are situated in secured/locked locations.

### **Data Retention**

When your relationship with the school has ended, we will retain and dispose of your personal information in accordance with guidance from the Information and Records Management Society's toolkit for schools.

[This is currently not the case for your data kept on our SIMS database, but in the forthcoming summer 2018 update will enable us to delete your data records, as appropriate.]

### **Data security measures**

Access to all this data is restricted by secure password and only accessible by a very limited number of staff, as appropriate to their job function.

On archiving your records these are stored off-site in a secure, locked container. Both these storage areas are locked and only accessible by a very limited number of staff, as appropriate to their role.

## 8. Data sharing

We do not share information about you with any third party without your consent unless the law and our policies allow us to do so.

Where it is legally required, or necessary (and it complies with data protection law), we may share personal information about you with:
