

Bradstow School
 living and learning together
 within a **Culture of Gentleness**

Bradstow School Pupil Premium Expenditure 2012-2013
Allocation: £7,476.00 (13 Young People) – Total Spend £6,297.43

| Identified Need | Action Purchase | Cost | Expected Impact | Impacted Achievement July 2013 | Evidence |
|--|----------------------------|-----------|---|---|---|
| Hyper/hypo sensitivity issues causing behavioural disruptions in class. YP will benefit from a sensory diet. | Purchase sensory equipment | £4,904.08 | Students and YP will develop alternative ways to self manage behaviour through a series of relaxation techniques. | Behaviour exhibited by the YP in relation to sensory needs has reduced. This can be seen in the graphs attached. | Whole school behavioural graph showing reduction in the frequency of incidents. |
| Functional communication deficit causing some young people to express their needs in inappropriate ways | IPad and software | £1,393.35 | The software will give the YP alternative ways to communicate in more effective ways through a differentiated communication system tailored to individual need. | The introduction of the new communication system has shown a reduction in behaviours relating to gaining access to tangibles and has also shown an increase in literacy levels. | Graph showing the increase of literacy levels across the school. |
